Summary

Full Stack Developer with background in CNC programming. Recognised as a proactive, positive, and persistent problem solver. Team player with a great attitude. Graduate of Full Stack Coding Boot Camp through Georgia Tech.

Technical Skills

JavaScript • Node.js • HTML • CSS • React • Angular • Restful APIs • Git • Java • Express • Spring Boot • MySQL
• MongoDB

Projects

KickBacks

<https://github.com/StevenLof777/KickBacks>

- **Summary:** Developed an ecommerce website for selling shoes using MERN stack technologies and includes user authentication.
- **Tools:** JavaScript, BootStrap, React, MongoDB, PayPal API, JWT

Dope Horoscope

<https://github.com/StevenLof777/dope-horoscope> | <https://stevenlof777.github.io/dope-horoscope/>

- **Summary:** Built a website that allows an user to input their birthday and receive their horoscope along with a celebrity who they're compatible with.
- **Team-Role:** Frontend developer, main repository holder.
- **Tools:** JavaScript, Aztro Api, Ninja Api, Bootstrap, HTML, Bash, jQuery

Team Manager

<https://github.com/StevenLof777/Team-Manager>

- **Summary:** Develop full stack team manager where users can add, edit, delete, and search employees.
- **Tools:** Angular, Java, SpringBoot, MySql, BootStrap

Education

Georgia Tech

December 2021 - March 20

Certificate in Full Stack Development

Atlanta Georgia

- Learned full Stack development using languages such as HTML5, CSS3, JavaScript, MySQL, MongoDB, and React.js.

Tennessee College of Applied Technologies

September 2020 - March 2021

Tool & Die Repair Diploma

Jackson Tennessee

- Expanded knowledge of GD&T dimensioning.
- Built difficult machinist projects that require weeks to complete.
- Better grasped engineering blueprints for dies and injection molds.

Tennessee College of Applied Technologies

September 2018 - December 2019

Machinist 1 Diploma

Paris Tennessee

- Built upon CAD/CAM programing skills.
- Learned to actualize G&M Code.

- PC-DMIS for CMM Certification.

Experience

CNC Machinist

June 2020 - June 2021

Stanley Black & Decker

Jackson TN

- Optimized and maintained programs for multiple CNC machines to ensure quality operations were executed while simultaneously maximizing work flow.
- Fabricated parts that align with GD&T standards referenced in blueprints.
- Trained new employees to safely operate Swiss machines that create parts that meet quality standards.

CNC Machinist

June 2019 - June 2020

Paris Industrial Incorporated

Paris TN

- Write conversational programs for CNC machines that are well optimized to perform tasks quickly and efficiently.
- Operate manual machines to manufacture parts for pistons.

Service

June 2016 - June 2019

Woody's Pizza

Paris TN

- Used soft skills to interact with customers in order to establish pleasant interactions that encourage further customer interest.
- Safely and strategically delivered goods in a timely manner.
- Make food according to specific recipes.
- Step up for manager roles whenever needed.
